

Country-Specific Info 2018

Hungary

Total number of higher education institutions (universities) included in U-Multirank

14

A. University coverage

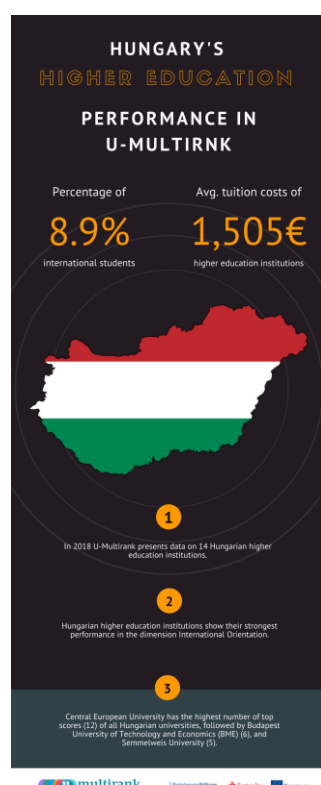

U-Multirank's 2018 edition presents data on 14 Hungarian higher education institutions.

New this year: U-Multirank has created a new 'Study in...' section highlighting study destinations for students. To explore 'Study in Hungary', follow this [link](#).

For the full list of all universities from Hungary included in U-Multirank, please follow this [link](#).

*Please note the list is sorted in alphabetical order by countries and then university names.

B. Hungary's higher education performance in U-Multirank

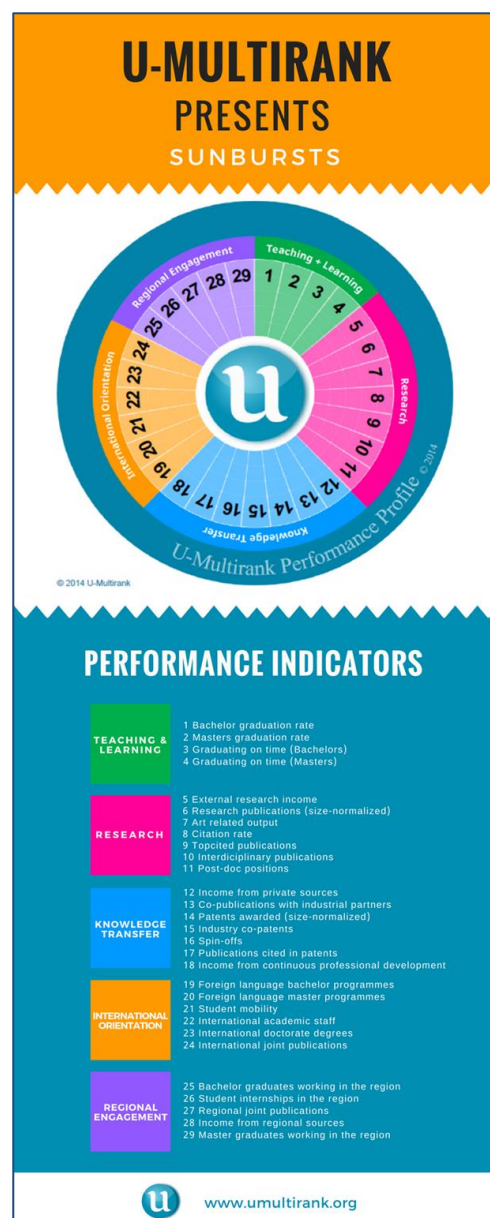

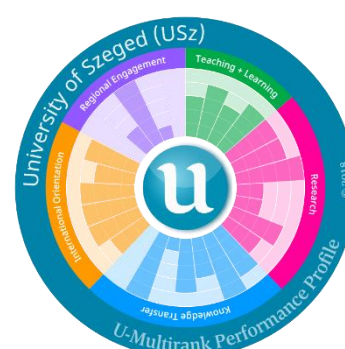

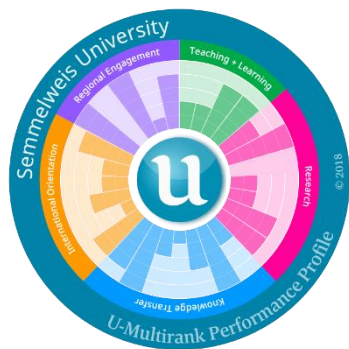

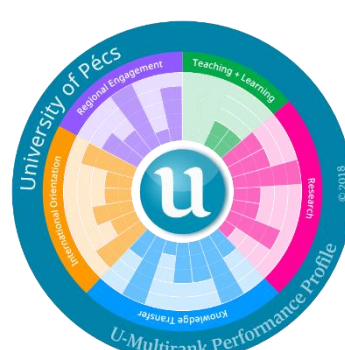

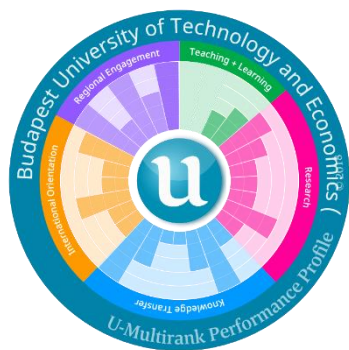

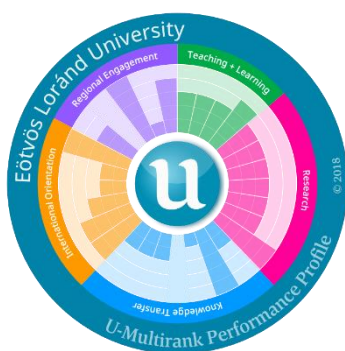

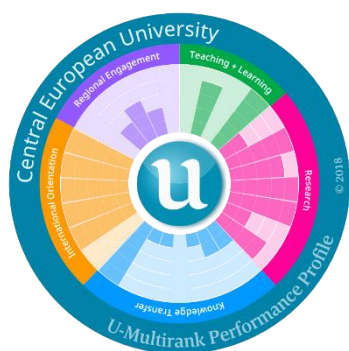

1. In 2018 U-Multirank presents data on 14 Hungarian higher education institutions.
2. Hungarian higher education institutions show their strongest performance in the dimension International Orientation.
3. Central European University has the highest number of top scores (12) of all Hungarian universities, followed by Budapest University of Technology and Economics (BME) (6), and Semmelweis University (5).

C. Universities with the highest number of overall top scores

In this section we highlight the five universities receiving the highest number of 'A' (very good) scores on the institutional level for the respective country (*in the event of ties, more universities will be shown*). **Using our unique sunburst chart, a clear picture is shown of the university's overall performance (the longer the bar, the higher the score).** Although the number of 'A' scores shows top performance for the respective university, it does not imply one university is the 'best' in the country, as each university profile highlights different strengths. A key guard is provided for the sunburst chart. For a list of definitions and calculations of indicators, see our [Indicator Book](#).

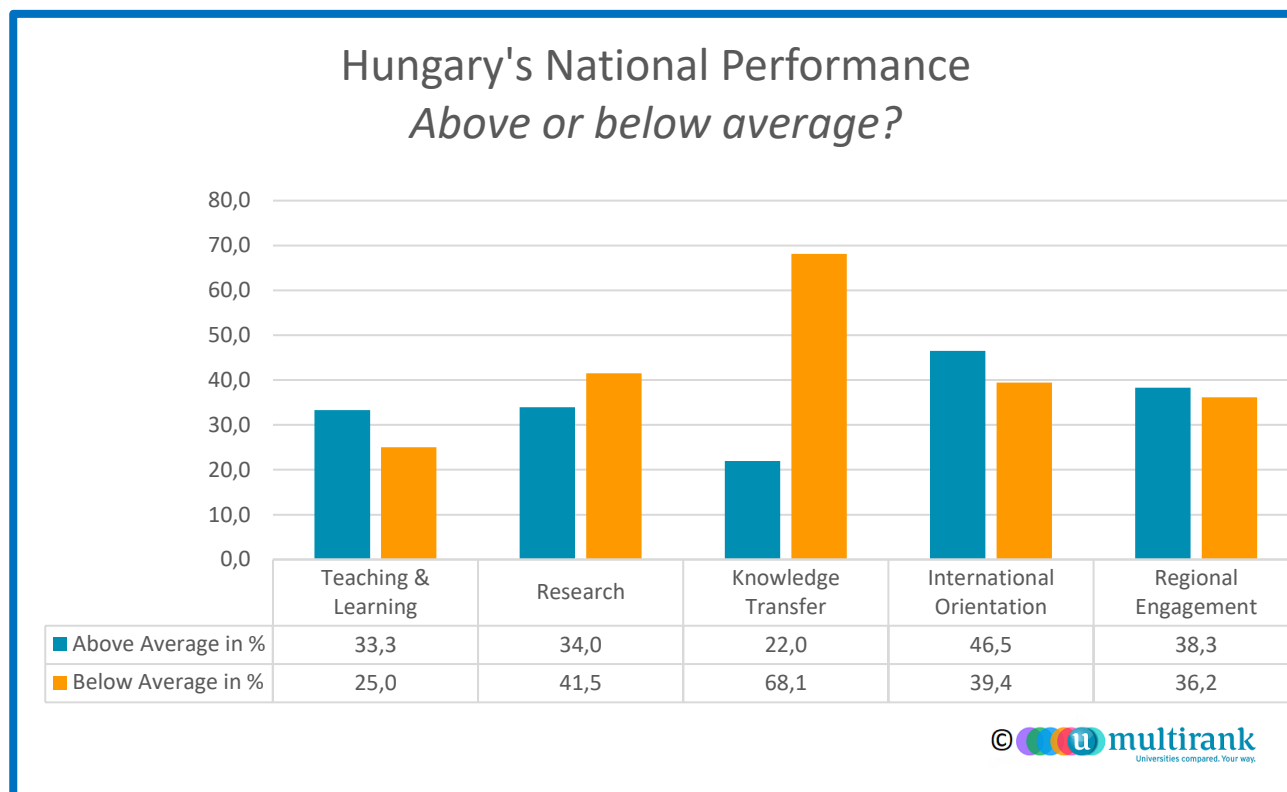

Hungarian universities with the highest number of overall top scores in 2018	Total 'A' scores 2018	Total 'A' scores 2017
Central European University	12↓	13
Budapest University of Technology and Economics (BME)	6↑	5
Semmelweis University	5	5
Eötvös Loránd University	4↑	3
University of Pécs	4↑	3
University of Szeged (USz)	4	NEW

D. National performance: above or below average?

In this section we highlight the overall performance of Hungarian universities on the institutional level per U-Multirank dimension. The below table shows the national breakdown of Hungarian universities and how they stand across the spectrum of above average (receiving a score of 'A' (very good) or 'B' (good)), or below average (receiving a score of 'D' (below average) or 'E' (weak)). In doing so, U-Multirank offers a clear picture on the countries strengths, and areas for improvement.

Hungarian higher education institutions perform strongest in U-Multirank's Teaching & Learning and International Orientation dimensions.

E. Global top 25 performers lists

In this section, U-Multirank presents the global Top 25 performers in a set of 9 indicators measuring different dimensions of performance. These lists highlight the 25 top-performing universities from around the world with the highest scores.

Hungarian universities that have achieved a global Top 25 score are listed under the respective categories:

Dimension Research

1. Research publications (absolute numbers)
2. Top-cited publications
3. Interdisciplinary publications

Dimension Knowledge Transfer

4. Co-publications with industrial partners
5. Patents awarded (size-normalised)
6. Income from continuous professional development

Dimension International Orientation

7. Student mobility
 - *Andrássy Universität Budapest*
8. International joint publications

Dimension Regional Engagement

9. Regional joint publications

F. Appendix

Detailed results:

If you want to analyse further the performance of the universities in your country you can click the following links. The below links lead directly to the national results pages where we pre-filtered the universities in your country into one list (for the university as a whole and for the subject areas included in U-Multirank so far). You can use the table to produce national rankings (see image below), or for personalised interactive analyses with the data. If you're interested in tailor-made tables (institutional level, subject level, or with a specific focus in mind, such as internationalisation), please contact us, at info@umultirank.org. These links are also accessible via your country's 'Study in' page.

Note: The links will be accessible, starting the day of the release at 10:30 CET.

University		Teaching & Learning		Research		Knowledge Transfer		International Orientation		Regional Engagement	
Your selection: 14 universities		Bachelor graduation rate	Graduating on time (masters)	Citation rate	Research publications (size-normalised)	Co-publications with industrial partners	Patents awarded (size-normalised)	Student mobility	International joint publications	Bachelor graduates working in the region	Regional joint publications
